Christie Technology Corporation Achieves Select Certification from Cisco in the United States

Geneva, Illinois – February 17, 2010 – Christie Technology Corporation announced today it has achieved Select Certification from Cisco[®]. The Select Certification recognizes Cisco resale channel partners whose primary focus is on the small and medium-sized business (SMB) market with fewer than 250 employees.

Cynthia Christie Duke, Founder of Christie Technology Corporation, said “we are proud to add the Cisco Select Certification to our credentials. Our people work hard to keep their skills up-to-date so we can provide our customers with the level of solutions that they demand.”

“The Cisco Select Certification was created in response to customer demand for channel partners to be capable of designing and implementing SMB-specific Cisco solutions,” said Surinder Brar, senior director of worldwide channels at Cisco. “With the Select Certification, Christie Technology Corporation has made an investment in obtaining the training, skills and knowledge necessary to play a pivotal role in meeting this increasing demand.”

To earn Select Certification, Christie Technology Corporation fulfilled the training and exam requirements for the SMB Specialization. Christie Technology Corporation also met the personnel, training, and post-sales support requirements set forth by Cisco.

The Cisco Resale Channel Program provides partners with the training required to build sales, technical and Cisco Lifecycle Services skills. Cisco resale partner

certifications—Select, Premier, Silver and Gold—represent an increasing breadth of skills across key technologies and a partner’s ability to deliver integrated networking solutions. Cisco resale partner specializations—Entry, Express, Advanced and Master—reflect an increasing depth of sales, technical and service expertise in particular technologies.

About Christie Technology Corporation
